# Before Leaving Home - Preparing for the Training Course

## Required Submissions

1. Argonne Visitor Registration - This must be completed immediately. The registration information is required for a security clearance, which must be approved before authorizing the participant's access to the Laboratory. If the participant does not have his/her visa yet, please enter "Applied For" in the Visa Number field and select the visa type that is being applied for from the dropdown box, and for the expiration date, enter the date the form is being submitted.
2. Form A - Statement of Conduct / Safety Compliance – This must be submitted immediately.
3. Detailed Flight Itinerary –
  - a. Participants funded by IAEA (Category 1) and Cost-Free Participants must send his/her flight itinerary to [IAEA-ANLCourse@anl.gov](mailto:IAEA-ANLCourse@anl.gov) immediately upon receipt of a finalized flight reservation. ***If we do not receive a participant's travel information by 12:00 p.m. the Friday before the course starts, we will cancel the hotel reservation and there will be no guarantee that a room will be available upon arrival.***
  - b. Participants funded by Argonne (Category 2) must confirm the accuracy of the prepaid travel reservation sent by Argonne and confirm whether a transit visa is needed (providing source of information). ***Participant travel purchased by Argonne is subject to the Travel Policy included below.***

### Travel Policy

*This policy and procedure is designed to act as a guideline for participants of IAEA-Argonne courses whose travel is being arranged and purchased by the International Programs (IP) Section at Argonne National Laboratory.*

*Upon completion of all required forms and confirmation of receiving his/her visa, the Argonne Travel Office will arrange a roundtrip travel reservation from the participant's home country to Chicago for arrival one day prior to the course start date and for departure one day after the course end date. His/her first choice airport selection will be used unless there are no available flights that comply with the Fly America Act, which the Argonne Travel Office is held responsible to follow.*

*If the participant wishes to make any change to the purchased travel reservation (including cancellation), s/he is solely responsible for the costs. To make the changes, s/he must do so by working directly with the airline. The participant should make it clear to the airline that the requested changes to the ticket and corresponding costs will be made using his/her own personal credit card. In case of no show or reservation cancellation, the participant is held responsible for reimbursing Argonne for the cost of the unused ticket immediately. Exceptions may be granted on a case-by-case basis.*

## **Applying for a U.S. Visa**

U.S. Visa - Participants should apply for a visa. The usual visa types for this training purpose are the A-1, B-1 and G-4; however, the U.S. Embassy staff can assist with choosing the proper visa application. It is important to apply for the visa as soon as possible due to lengthy processing times. When applying, all support letters and documents from IAEA and Argonne should be included with the application, including a letter written by Argonne to the U.S. Embassy in support of the participant's attendance. This letter states the funding source responsible for covering travel, lodging and incidental expenses. Participants will receive no funds from the U.S.

Status of visa applications should be monitored regularly. If difficulties are encountered when obtaining the visa, or if it is not received 14 days in advance of the departure date, an email should be sent to the Argonne training course office at [IAEA-ANLCourse@anl.gov](mailto:IAEA-ANLCourse@anl.gov) as soon as possible. The email should include the application number and the address of the U.S. Consulate/Embassy where the application is being processed, including the reason stated for the delay or denial.

Once the approved visa is received, it should be checked carefully for any errors and corrected in the office where the visa was processed. Corrections cannot be made from within the United States.

Visa Waiver Program – Participants from countries covered in the Visa Waiver Program (VWP) are allowed to attend without obtaining any additional U.S. visa by registering online in the U.S. Homeland Security's Electronic System for Travel Authorization (ESTA) system at <http://www.cbp.gov/travel/international-visitors/esta>. This automated system will determine the eligibility of visitors to travel to the U.S. under the VWP. If eligible, the participant is requested to inform the Argonne training course office at [IAEA-ANLCourse@anl.gov](mailto:IAEA-ANLCourse@anl.gov).

Transit Visas - It is the participant's responsibility to inquire if a transit visa will be needed for stopovers in other countries. Many countries/airports process transit visas at the airport itself; however, some transit visas must be issued in advance from the participant's home country by the applicable consulate of that country. Since these rules and regulations are subject to change from time to time, it is necessary to check the requirements before travelling.

Dependents – The U.S. cannot assume responsibility for the dependents or provide support for their visas. Therefore, it is strongly recommended that family members do not accompany participants in the U.S. at the time of training.

### **Medications**

Persons taking medication should travel with the correct amount to cover the time period in the U.S. Obtaining medicine in the U.S. is very expensive and can only be obtained if a U.S. physician writes the prescription.

### **Website for Training Course Information**

In the weeks before the training course, participants will be notified when course information is available online at [international.anl.gov/courses.html](http://international.anl.gov/courses.html). The website will include the course prospectus, calendar of lectures, social calendar, lecture material, vitae, and other relevant information. All lecture material will be available for downloading at the website, and a CD of the materials will be provided to each participant at the end of the course. A password will be provided to all participants on the first day of training.

### **Weather in the Chicago Area**

The weather in the Argonne/Chicago, IL area lies within the humid continental climate zone, and experiences four distinct seasons. Summers are warm and humid, with a July daily average of 75.5°F (24.2°C). In a normal summer, temperatures can exceed 90°F (32°C). Winters are cold, snowy and windy, with some sunny days; and with a January average of 23.5°F (-4.7°C). Temperatures often stay below freezing for an entire day. Spring and fall are mild seasons with low humidity. Depending on the time of year, the participant should **dress accordingly, bringing clothing appropriate for the weather**. A suggested website for current weather is:

<http://www.accuweather.com/us/il/lemon/60439/city-weather-forecast.asp>.

## **Arrival in the United States**

### **Chicago Airport and Travel Information**

Luggage - It is important to carry at least one (recommend two) change of clothing in carry-on bags on the airplane in the event that checked baggage is delayed. A nametag should be placed on all checked baggage when departing home. Valuables should be left at home.

Transportation from Chicago Airport– Please visit the website at [international.anl.gov/courses.html/courses.html](http://international.anl.gov/courses.html/courses.html) to view options for ground transportation from the airport to the hotel. It will include contact information along with instructions for obtaining the services of a taxi or limousine. **Upon arrival at the hotel and before departing the taxi or limousine, please be prepared to pay the driver with cash or credit card.** Payment for the transportation is the responsibility of the participants.

The operator will inform if the call is free of charge or if there is a fee to place the call. If possible, please also send an email to [IAEA-ANLCourse@anl.gov](mailto:IAEA-ANLCourse@anl.gov) by 12:00 p.m. CST on the day of arrival, and a staff member will contact the hotel to confirm the room cancellation. **If the reservation is not cancelled, the charge is the responsibility of the participant.**

The cost for the room is \$105.30 per night. **It is each participant's responsibility to pay their bill at the hotel.** Please note that if you are a Category 1 or Category 2
