

LECTURER'S VITAE

IAEA/ANL TRAINING COURSE

Name: CHARLES T. ROCHE

Present Position: STAFF

Affiliation: NUCLEAR ENERGY DIVISION

Address: ARGONNE NATIONAL LABORATORY
ARGONNE, IL
60439
USA

Phone Number: 630-252-3432

Fax Number: N/A

E-mail Address: CTROCHE@ANL.GOV

Scope of Present Duties:

Consultant in the area of radiation detection systems for nuclear material safeguards

Most Relevant Past Experience:

Dr. Charles Roche has held various technical and management positions at Argonne National Laboratory including serving as manager of the National Security & Nonproliferation Department in the Nuclear Engineering Division. Dr. Roche has over thirty five years experience working on technologies in nuclear materials safeguards and radiation detection systems. This included work on the development of radiation detection systems for safeguards for the IAEA. Most recently he has worked for DOE on upgrading safeguards & security systems at nuclear sites in the former Soviet Union (FSU). He currently works with the DOE MC&A Measurements project to assist the Russians to develop the infrastructure for sustainable nuclear material control & accountability (MC&A) systems. .

Educational Background:

Dr. Charles Roche received a Ph.D. in Nuclear Chemistry from the University of Maryland.
