Scope of Present Duties:

I am an assistant professor of Radiation Oncology at the University of Texas MD Anderson Cancer Center, specializing in the treatment of head and neck cancers. I also serve as the Quality & Safety Officer for the Department of Radiation Oncology, overseeing management of our quality improvement process.

Most Relevant Past Experience:

I have served as the Quality & Safety Officer since 2014. I oversee the monthly monitoring of quality and safety events within the department, including reportable radiation related incidents.

Educational Background:

I received a BA in Chemistry from Northwestern University in Evanston, IL in 1996. I received a PhD in Biophysics and Structural Biology from Northwestern University in Chicago, IL in 2002. I received an MD from Northwestern University in Chicago, IL in 2004. I completed a one year surgical internship at Northwestern in 2005, and then I completed a four year residency in radiation oncology at MD Anderson in 2009. I have been board-certified in radiation oncology since 2011.
