### Scope of Present Duties:

Work in the UK and internationally in the areas of radioactive waste management, environmental remediation, contaminated land characterization and assessment, stewardship and stakeholder engagement.

Is the nominated chair of the IAEA's ENVIRONET Steering Group.

Is the chair of the UK's SAFESPUR forum.

### Most Relevant Past Experience:

Spent the previous 20 years working for the BNFL group of companies (most recently the National Nuclear Laboratory) where I was a Senior Technologist. This time was spent primarily as a project/technical manager on site characterization and waste management projects in the UK. For 15 years I have provided support to the IAEA and EU internationally on waste management, environmental remediation and stakeholder engagement.

I also recently spent 20 months seconded to the UK's Nuclear Installations Inspectorate where I managed their research programme.

### Educational Background:

Oxford Brooks University, BSc Hons Geology and Environment, graduated in 1983.
