

LECTURER'S VITAE

IAEA-ARGONNE TRAINING COURSE

Name: Thomas Baillieul

Present Position: Consultant - Project Management; Nuclear D&D; Environmental Impact Assessment

Affiliation: The Chamberlain Group (Lynchburg, Virginia)

Address: 86 E. Beechwold Blvd
Columbus, Ohio 43214
USA

Phone Number: 614-447-1223

Fax Number: _____

E-mail Address: tbaillieul@gmail.com

Scope of Present Duties:

Semi-retired. Consultant with the Chamberlain Group - assisting in contract proposal development; requested by the U.S. Government Accountability Office to review its study, "Radioactive Waste Management: Preliminary Data for Three Scenarios."

Most Relevant Past Experience:

Director, Columbus Closure Project: responsible for oversight and direction of a \$280 Million, multi-year project to decontaminate two former nuclear research facilities (including a decommissioned research reactor) within central Ohio. Major job functions included: direct oversight of all project activities; project planning; cost/schedule performance assessment; budgeting; design reviews; contract development and administration; regulatory compliance; quality assurance; radioactive waste shipment; and public outreach. Also served as the Earth Science technical expert for the project, directing site characterization, hydrological studies, and environmental reviews. Interacted successfully with state and Federal regulatory agencies and regional state working groups on nuclear waste transportation.

Educational Background:

M.Sc. (Geology), 1976, from the University of Massachusetts, Amherst; extensive non-degree coursework in Project Management; Contract Management; Environmental Regulations; Radiation Protection; Risk Assessment
